1. Create a News Room Page Component using the Base Page Component

2. Create Custom Page Property: "NEWS Configurations"
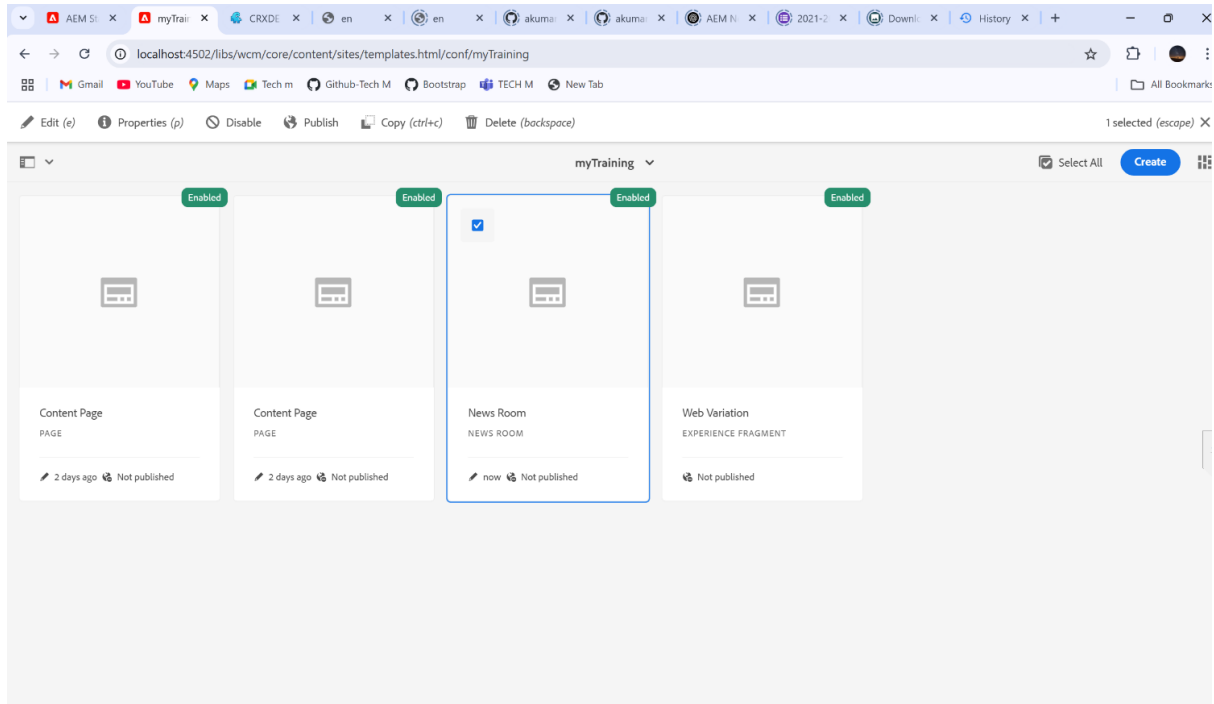

3. Add "Read More" CTA for News Articles

4. Create News Room Template Type using News Room Page Component

Steps to Implement:

- Go to AEM > Tools > General > Template Types.

- Create a new Template Type named News Room Template Type.

- Set the Allowed Resource Type as your-project/components/page/newsroompage.

How to Verify:

- Go to Template Editor and check if the template type appears.

- Try creating a template using this type.

5. Create News Room Template using News Room Template Type

Steps to Implement:

- In AEM > Templates, create a new template using News Room Template Type.

- Define the structure (Header, News Listing, Footer, etc.).

How to Verify:

- Check if the template appears under Templates in AEM.

- Create a page using this template and verify the structure.
